FULL STACK SOFTWARE ENGINEER

Ruby on Rails and Elixir programmer who is passionate about building, testing, and debugging. Naturally curious learner and cross-functional team-player enthused to develop user friendly full stack applications to help companies reach their software goals. Novice coffee roaster. Avid cyclist, mountain and road.

TECHNICAL SKILLS

Ruby, Rails, RSpec, Elixir, Phoenix, ExUnit, Cypress, SQL, JavaScript, React, Redux, Tailwind CSS, Git

TECHNICAL EXPERIENCE

Technical Coach (part-time) Remote
Flatiron School 2024

- Provide **live technical support** to students who are navigating pre-work to matriculate day 1
- Review software engineering curriculum to **report bugs** and provide feedback

Product Engineer Remote
Statype (startup) 05/2023 - 08/2023

- Developed a Rails 7 app that presents revenue data specifically to B2B SaaS companies
- Addressed a SAML role bug by triaging and introducing test to bolster the app's stability
- Enhanced accessibility through the integration of hot keys, empowering users with intuitive features
- Collaborated with design and data teams using Postman, Git, Linear, Figma, AWS, Slack, and daily standups

Software Engineer Remote
LocaliQ at Gannett (responsible for \$110M in revenue) 01/2022 - 01/2023

- **Built A/B test** in Elixir that led to **99% signup** in my first month of employment
- Led development of **end-to-end (E2E) testing** using Cypress

Full Stack Developer Intern Remote
City of Wind Design 09/2021 - 01/2022

- Developed an **e-commerce marketplace** for designers to display their case studies and portfolios
- Designed a **Ruby on Rails API** and components using React with Redux

SERVICE EXPERIENCE

Landscape Crew Leader Atlanta, GA
BCW Inc. 07/2020 - 01/2021

- Coordinated crew and supplies to efficiently execute construction landscaping projects
- **Advanced to crew leader within three months** as a result of **reliability** and **communication skills**

Bartender Brunswick and Atlanta, GA
Marshside Grill, The Pinewood TR, Bread & Butterfly 07/2014 - 03/2020

- **Increased monthly recurring revenue growth rate by 6%** in less than 4 months by partnering with front-of-house and marketing to create new menus and deliver exceptional dining experiences
- Consistently acquired **advanced bartending skills**, evolving beverage knowledge base from a high-volume, fast-casual setting to craft cocktails and upscale dining environments

EDUCATION

Flatiron School Atlanta (Remote)
Full Stack Web Development using Ruby on Rails, JavaScript, and React 02/2021 - 07/2021
